**A SPORTING CHANCE**

The Territory Opposition would add a \$75 sports voucher for primary and middle school students to the Government's \$75 back to school voucher.

"Easing the many costs for families with school age children is a good policy which should be extended to encourage greater participation of school children in organised sport," says Terry Mills, Leader of the Opposition.

"The cost of registration fees, sports uniforms and equipment are a high for families who have kids playing organised sports and restrict the access of some children to sporting clubs.

"By bringing people from different backgrounds together for a common purpose organised sport plays an important role in strengthening community ties.

"With an obesity epidemic stalking our children it's important we encourage as many children as possibly to play sport on a regular basis.

"With fitness in mind I'm also looking forward to seeing as many Territorians as possible at this year's Australia Day Fun Run at Mindil Beach."
