WARNING

Some employment advertising for jobs may in fact be fronts for illegal scams.

Some tactics used by the fraudsters include the following:

- Corresponding via email only
•Offers that involve you being paid a commission for very little work

- Promise of employment simply by using your bank account, perhaps as an account manager or transfer manager

Exercise caution when responding to such advertisement.

If the offer seems too good to be true, it probably is.

For further information refer to www.scamwatch.gov.au
