Jobs right across NT

Staff at Alice Springs Hospital collaborating to determine healthy patient outcomes.

A patient care assistant helping with a leg injury.

In the emergency room, nurses work together for continued patient care.

If you are seeking a challenge with exciting opportunities, then there is a job for you at the Department of Health.

The Department has a 6000-strong team committed to providing world-class public health care and ensuring healthier, longer and better lives for all Territorians.

Its goal is to build a highly-skilled and culturally-responsive workforce and we need capable and motivated people working with us to make this happen.

There are a variety of employment opportunities for people wanting a career pathway in health from working in hospitals, renal clinics, mental health, primary health care or corporate offices.

Wherever you live in the Territory – Alice Springs, Darwin, Katherine, Nhulunbuy or Tennant Creek – there is a job for you ranging from being a nurse or midwife, medical officer, dentist or oral health therapist to an administrative support role or a cleaning or

The goal is to build a highly-skilled and culturally-responsive workforce ... capable and motivated people needed.

food services career.

The Department of Health also offers student placements, apprenticeships and graduate programs.

NT health professionals the department that above all else the experience of working with Indigenous clients and the chance to be a part of im-

proved client outcomes provides enormous professional satisfaction.

Benefits of working for the department can include six weeks annual recreational leave, cumulative sick leave, professional development, studies assistance and flexible working arrangements to balance family and carer responsibilities.

Options for professional recognition through annual award programs are also a feature of the department's commitment to valuing the contribution and success of our people.

The challenges, opportunities and professional practices in health care in the NT are like no other in Australia.

Come and experience the cultural richness and diversity that exists in providing health services to urban and regional centres and remote outback communities of the Territory.

Make a difference with a career in health in the Northern Territory.
