## **ANZ JOB FIGURES POSITIVE FOR THE TERRITORY**

ANZ job advertisement figures released today show there is a healthy jobs market for Territorians.

Treasurer Delia Lawrie said the economy continues to perform well and Territory families are benefiting with plenty of job opportunities.

“Today’s ANZ figures show there are plenty of jobs up for grabs with significant growth seen in the past 12 months,” she said.

“In the last 12 months job advertisements increased by 13.4 per cent in the Territory compared to 0.7 per cent nationally.

“All labour force indicators show there is plenty of employment opportunities for people in the Territory and our employment market is extremely active.”

A recent Access Economics report predicted that the Territory would have the highest economic and employment growth in the country for the next five years.

“Jobs Plan 3 is in place to ensure the work force is being trained to be highly skilled and flexible so they can make the most of strong job opportunities in the Territory,” said Ms Lawrie.

“The Territory is experiencing good economic growth under the sound financial management of the Henderson Government.

“The Henderson Government will continue to manage the economy so benefits are passed on to Territory families.”
