Spacious living in a bushland setting

This exquisite home at the end of the road offers private living within walking distance to Adelaide River.

Tiled and airconditioned, the home has large windows and French doors which provide plenty of natural light.

There are three bedrooms plus a study or four bedrooms. All the bedrooms have built-in robes and the main has an adjoining ensuite.

The spacious open-plan living, dining and kitchen allows for large pieces of furniture.

The kitchen has ample built-ins plus granite bench tops with a breakfast bar.

The laundry is internal and there is solar hot water.

There is a full-length rear veranda, in-ground spa, beautiful lawns and gardens and the property is fenced.

Vegetable beds and a poultry pen complete the picture. A small bushland area takes away the feel of being in suburbia, while the property’s rear backs onto grazing land.

The vendors will welcome genuine offers.
